

WHEN LIVER IS TORPID

or sluggish all the other vital organs of your body are affected—you have stomach and bowel troubles, your head aches, your skin loses its clearness, and you have "the blues." Take Hood's Pills—gentle and thorough. Do not irritate nor gripe. Price 25c. of all druggists or C. I. Hood Co., Lowell, Mass.

COLD GONE! HEAD AND NOSE CLEAR

First Dose of "Pape's Cold Compound" Relieves All Grippe Misery

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippe misery and break up a severe cold, either in the head, chest, body or limbs. It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. "Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.—Adv.

QUELL FIRE ON DREADNOUGHT.

Sailors by Quick Work Save the North Dakota from Serious Damage. Philadelphia, Pa., Feb. 16.—Quick work by sailors on the battleship North Dakota at the Philadelphia navy yard saved the ship from serious damage by fire Monday night. They jumped from their bunks at the sound of the fire alarm and extinguished a slight blaze in the engine-room in about three minutes. The fire was started by the blow-out of a fuse in a dynamo. Oil caught fire and ignited woodwork. The sailors grabbed bags of sand kept in the engine-room for such an emergency and threw the sand upon the burning oil.

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician. If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent cathartics, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones. Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach. Limestone phosphate does not restrict the diet like calomel, because it cannot salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.—Adv.

**\$615**

Roadster, 595 f. o. b. factory

Its Completeness Won Instant Success

Never before has any model been such a complete and instantaneous success. Small wonder, really. For never before has there been so complete a car at anywhere near so low a price. It stands out alone—boldly—conspicuously—unapproached—a powerful five-passenger touring car complete for only \$615. Note that word "complete." That means electric starter and electric lights, electric horn, magnetic speedometer—in fact, every necessary item. Nothing is lacking. There are no extras to buy. Note that the motor is the very latest in line design—the last word in fine engineering. Note that the tires are four-

inch size. Many cars costing more have smaller tires. Note that the rear springs are the famous cantilever type. Many bigger, more expensive cars are nowhere near as easy riding. Note the headlight dimmers—the electric control buttons on steering column—dismountable rims and one-man top—all big features, high-priced car features. And it is a perfect beauty—snappy, stylish, speedy. No wonder there's a rush to possess the car the world has been waiting for. But that means quick action on your part in order to get a prompt delivery. Don't delay—get your order in to-day. Remember it comes complete—only \$615.

DUAL ATTACK ON BRANDEIS

Lawyer Bailey Says Boston Bar Considers Him Untrustworthy

WINSLOW APPEARS IN INVESTIGATION

Mellen Has No Facts That Will Substantiate Barron's Charges

Washington, D. C., Feb. 16.—Louis D. Brandeis of Boston, President Wilson's nominee for the supreme court bench, was attacked yesterday before the Senate sub-committee investigating the qualifications, by Samuel W. Winslow, president of the United Shoe Machinery company, of which Mr. Brandeis was formerly a director and counsel and by Hollis R. Bailey, a Boston attorney with whom Mr. Brandeis had been associated years ago in litigation over an estate. Mr. Winslow charged that Mr. Brandeis had been guilty of unprofessional conduct in that, after leaving the shoe machinery company, he had used knowledge gained through his association with it to attack as illegal and criminal "the very acts and system of business which he assisted to create and which he advised was legal."

Mr. Bailey charged that Mr. Brandeis, representing at the same time the lessees and lessors of the Warren Paper mills and involving a \$21,000,000 estate, had been guilty of acts which favored one of the interests against the other. The possibility of extending the inquiry into New Haven railroad affairs by testimony of Charles S. Mellen, former president of the road, was virtually passed over on receipt of a telegram from Mr. Mellen, saying he had no evidence on Clarence W. Barron's charge that Mr. Brandeis had helped an attempt to "wreck the New Haven road."

When the hearing on the nomination was resumed yesterday Senator Walsh read this telegram from Mr. Mellen: "I have no information of any character that would be of value to the sub-committee on the Brandeis nomination. I have no papers that have any bearing on the case. Under these circumstances may I not be excused from attending?" Senator Walsh said that in the absence of Chairman Chilton he wired Mr. Mellen: "Mr. Barron, testifying before judiciary committee Thursday, asserted you could testify to facts establishing the charge that Brandeis was employed to wreck the New Haven road. Having in mind your telegram of to-day, please wire whether you can give committee any information that will shed light on truth or falsity of the charge."

To that Senator Walsh received another message from Mr. Mellen reiterating that he had no information whatever on the subject. After some discussion yesterday, the committee decided to leave open the question whether Mr. Mellen should be subpoenaed. Senator Clark said he had supposed Mr. Brandeis was quite familiar with affairs of the New Haven road and also that he had read statements from Mr. Mellen assailing Mr. Brandeis in most violent terms, so violent that I did not see how they could be true. S. W. Winslow, president of the United States Shoe Machinery company was called as the first witness, but yielded to Hollis R. Bailey, Boston attorney, who gave testimony relative to Mr. Brandeis' connection with the so-called Warren will case, alleging a breach of trust. Mr. Bailey thought that as counsel for all parties interested in the Warren estate, Mr. Brandeis had brought about an arrangement, particularly in the manage-

LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use the Old-Time Sage Tea and Sulphur and Nobody Will Know

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of sage tea and sulphur enhances its appearance a hundred-fold. Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.—Adv.

ment of the Warren paper mill, unduly profitable for S. D. Warren, who was once his law partner. Those beneficiaries for whom Mr. Bailey later became counsel, had suffered financial damage to the extent of hundreds of thousands of dollars, Mr. Bailey believed. Senator Fletcher brought out the fact that the money received by S. D. Warren and other lessors of the paper mill was their share of the earnings and depended upon their successful operation of the business. That Mr. Brandeis was guilty of improper conduct toward the United Shoe Machinery company, was charged by Mr. Winslow, who he at last testified. He asserted that Mr. Brandeis attacked as illegal the acts and methods of the company in which he had participated.

LLOYD GEORGE MAKES BOWLES EAT WORDS

Remark That Lloyd George Provides Golden Bilets for His Friends Is Withdrawn

London, Feb. 16.—Thomas Gibson Bowles in his speech Monday attacking the government's alleged lukewarm blockade policy, referred to David Lloyd George, the minister of munitions, saying: "Mr. Lloyd George perorates about silver bilets for the enemy and provides golden bilets for his friends."

Mr. Lloyd George wrote to Mr. Bowles asking him: "Will you be good enough to provide me with a list of the friends I have provided golden bilets for. As your remarks will probably have wide publicity, I should like to have your answer at once."

Mr. Bowles replied by withdrawing his remarks, as he said they were liable to be misconstrued. Mr. Lloyd George on accepting the disclaimer said that most of the high places in the munitions department were held by business men who were serving gratuitously and by civil servants from other departments.

EVIDENCE FOUND. Which Authorities Think Connects Youth with Girl's Death. Chicago, Feb. 15.—A search for the bottle in which was carried the poison that caused the death of Marian Price Lambert, a Lake Forest high school girl yesterday was to be conducted by detectives who were endeavoring to establish a connection between the girl's death last Wednesday and the mysterious absence from Madison at that time of William H. Orpet, a University of Wisconsin student. The assertion by the police that a drug clerk in Madison had admitted he sold Orpet an empty bottle and the finding of poison crystals in an ash heap in the cellar of the Orpet home, are the principle developments of the past 48 hours in the Lake Forest mystery. A gardener on the McCormick estate, of which Orpet's father is caretaker, is said to have admitted putting the poison in the ash heap. This was explained by the elder Orpet by the statement that the poison had been used to kill insects on shrubbery but that its inferior quality had rendered it useless. State's Attorney Dady of Lake county said yesterday he regarded the discovery of the poison and the clerk who sold the bottle as the last link in the chain of circumstantial evidence by which he expects to convict Orpet and said he was ready to present his evidence to the coroner's jury. Orpet continues to reiterate his innocence.

SUFFRAGE AMENDMENT PROPOSED

The House Committee Will Not Consider It, However, Until Next December.

Washington, D. C., Feb. 16.—The woman suffrage amendment will not be considered at this session of Congress. The House judiciary committee yesterday postponed considering the Susan B. Anthony amendment until next December.

BRYAN TO OPPOSE WILSON. Will Fight Renomination at St. Louis Convention.

Washington, D. C., Feb. 16.—The hostility toward Mr. Wilson which William Jennings Bryan has taken no pains to hide since his retirement from the cabinet will be carried to the St. Louis convention, the Nebraska leader will actively oppose the renomination of the president, laying foundations of his campaign on the one-term plank of the Baltimore platform and building the superstructure out of such issues as national preparedness. Mr. Bryan does intimate, however, that if the president is renominated he will give him his support.

Throw Off Colds and Prevent Grip. When you feel a cold coming on, take LAXATIVE BROMO QUININE. It removes cause of colds and grip. Only one "BROMO QUININE." E. W. GROVE'S signature on box. 25c.—Adv.

SMOOTHES ROAD FOR WILSON

Secretary Garrison's Retirement Helps Defense Program

CONGRESS TO END BEFORE EXPECTED

New War Secretary to Be a Middle West Lawyer

Washington, D. C., Feb. 16.—President Wilson wants a middle western lawyer for secretary of war. This is apparently as far as the administration has got in selecting a successor to Mr. Garrison, and it is not very far, for the number of middle West lawyers belonging to the Democratic party and available in the president's judgment for the military task of assuming the war portfolio at this time is large. There is no indication that the president has yet picked his man or that he is sounding out public opinion on his choice in advance of declaring it. Friends of former Governor Judson Harmon of Ohio are suggesting him, but have received only the usual

GLASS OF SALTS IF YOUR KIDNEYS HURT

Eat Less Meat if You Feel Backache or Have Bladder Trouble

Meat forms uric acid, which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poisons, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste, get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful, effervescent, lithia-water drink, which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Adv.

GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair Stops Falling Out and Gets Thick, Wavy, Strong and Beautiful

Your hair becomes light, wavy, fluffy, abundant, and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair. But what will please you most will be after a few weeks' use, when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a 25-cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.—Adv.

encouragement. The story that the president will wait till the return of Colonel House from Europe before making the final decision is scouted in official circles. It is interesting to note, however, that with the possible exception of Mr. Lansing, the appointment of a successor to Mr. Garrison is the first cabinet appointment falling to the president to make without consulting the man who was his closest and influential adviser in selecting the members of the cabinet.

The White House this week is very calm after the storm following the Garrison resignation. It seems to feel that with Garrison out the defense program will be relatively easy of accomplishment and that Congress will get away sooner than was expected. A prominent administration senator gave it as his opinion at the White House yesterday that the decks would be cleared for adjournment by the first of June. How this is to be accomplished with at least one committee, the House naval affairs committee, dawdling along at a snail's pace, yet remains to be seen, but optimism of this kind is to be expected of the White House, though prophecies of early adjournment this quarter rarely come true. Nevertheless, it is worth pointing out that the one most vexatious item in the administration's defense program was the continental army, and that now, with that item practically removed by common consent of the Democrats, it will be easier to focus attention on the militia as the citizen army to be developed.

The White House stated yesterday that it had no conferences with officials of the National Guard association, and that none are scheduled for the near future.

MAIN LEVEE BURSTS.

Farming Land Flooded South of Natchez, Miss. Memphis, Tenn., Feb. 16.—A long-distance telephone message received here from Natchez, Miss., says the main levee, 35 miles below the city, broke early yesterday. The water from this break will flood a large area of rich farming land.

How's The Walking?

It makes a lot of difference how your shoes fit and feel.

You can't enjoy a step if there's "something wrong" with the shoes you wear. For your next pair try

Regals

and you will do more walking—without urging yourself to it. Regals make walking a pleasure from the first day on the feet.

REPORT 21 MINERS PERISHED IN BUTTE FIRE

Rescuers Have Raised Nine Bodies and Twelve Are Still Unaccounted For.

Butte, Mont., Feb. 16.—Twenty-one men have probably perished, according to the rescue workers at the Pennsylvania mine of the Anaconda Copper Mining company, in a fire which broke out in one of the levels while 220 miners were at work Monday night. Nine bodies had been raised from the mine before noon, and 12 were unaccounted for. The fire at the 1,200-foot level of the shaft was still burning yesterday, but was under control.

METHODISTS DISCUSS UNION. Church Membership of 8,000,000 Represented at Illinois Conference.

Chicago, Feb. 16.—Problems which confront the six branches of the Methodist Episcopal church which are seeking a basis for union are to be discussed at a three days' conference which opened yesterday in Evanston, a suburb. Bishops,

superintendents and leading laymen of the churches are in attendance, and it is said that they represent a church membership of approximately 8,000,000. Most of the discussion will be informal, it was announced, but it is the intention of the sponsors of the conference to collect the proceedings in book form for future reference. The entire question of church unity is to come before the next general conference of the Northern church at Saratoga Springs, N. Y., in May.

The Evanston discussions will embrace church government, property interests, doctrines, and the home and foreign missions of the various organizations.

FOR FROST BITES

Instant relief is at hand for those who suffer at this season with frost bites and chilblains if they will get from any druggist a small bottle of Minard's Liniment. It frees you from all foot troubles. For nothing you have ever used is as good for tired, aching, sore feet. It is wonderfully antiseptic, absolutely pure, easy and clean to use—does not stain and is penetrating and helpful.

**Prince Albert is so friendly and so all-fired-good**

that it just makes a man sorry-like that he didn't get onto this pipe thing and cigarette rolling stunt a-while-ago. He counts it lost time quick as the joy-us goodness of this P. A. tobacco gets firm set into his happiness division. The patented process fixes that—and cuts out bite and parch!

Men, it's so easy to get on the right track for straight-ahead-action—and the ride only stands you 5c or 10c—that it sure is due you, due your tongue, due your contentment-container to know how much you'll like

PRINCE ALBERT

the national joy smoke

That tobacco appetite of yours, when it gets-going-good, is as fierce as a baby's cry for milk! Right now, while you feel it digging in, do that little old tree act—leave for the nearest store that sells tobacco! And get yours!

Because Prince Albert, jammed into a jimmy pipe or rolled into a makin's cigarette, taxes the joy-speed-limit! And you'll get the listen of what that means the minute you put some P. A. next to a match! You'll get flavor and aroma and coolness that will set-to-rest-for-all-time any odd notions you ever concocted about pipe-pleasure and makin's pleasure!

All over the U. S.—and in every civilized country in the world—you'll find P. A. cheerily awaiting your hands—in every red bag, 5c; tidy red tin, 10c; handsome pound and half-pound tins—humidors—and in that corking-fine crystal-glass humidur with sponge-moistener top that not only keeps the tobacco in each clever trim, but is such a nifty thing to have about!
